**READ AND FOLLOW THESE INSTRUCTIONS
CAREFULLY TO ENSURE PROPER USE AND SAFETY:**

- Do not expose to heat or flames. Store away from direct sunlight and temperatures above 50°C (122°F).
- Keep out of reach of children. This product is not a toy.
- Do not puncture or incinerate. The canister is pressurized.
- Use only for its intended purpose.
- Do not inhale the contents.

HOW TO USE FIREBLOCK?

Prepare

Remove the safety tag and pin

Aim & Spray

Hold upright and spray at the base of the fire

Cover & Suppress

Sweep from side to side until the fire is out

Monitor

Ensure the fire is fully extinguished before leaving the area

FOLLOW THESE STEPS TO OPERATE THE FIREBLOCK FIRE EXTINGUISHING GEL FOAM:

Step 1: Preparation

- Pull the pin
- Stand at a safe distance (1-2 meters / 3-6 feet) from the fire, with an exit path behind you.

Step 2: Activate

- Hold the canister upright and aim the nozzle at the base of the fire.
- Press down firmly on the spray button to release the extinguishing agent.

Step 3: Extinguish

- Sweep the spray side to side, covering the entire fire base evenly.
- Continue spraying until the fire is fully extinguished or the canister is empty.

Step 4: Monitor

- Ensure the fire is completely out before leaving the area.
- If the fire reignites, repeat the process or seek professional assistance.

MAINTENANCE AND STORAGE

TO ENSURE THE FIREBLOCK FIRE EXTINGUISHING GEL FOAM REMAINS EFFECTIVE, FOLLOW THESE GUIDELINES:

Storage

Keep in a cool, dry place, away from direct sunlight and heat sources.

Inspection

Check periodically for any visible damage or signs of leakage. Check use by date on the side of the can,

Disposal

Dispose of the empty canister in accordance with local regulations. Do not puncture or burn.
